This technical drawing shows an exploded perspective view of a vehicle headlight assembly. The main components are labeled as follows:

- 11**: The main headlight housing, shown in an exploded position relative to the lens.
- 12**: The headlight lens, shown in an exploded position relative to the housing.
- 14**: A series of internal components, possibly reflectors or light guides, arranged in a curved, segmented fashion.
- 18**: A series of internal components, possibly reflectors or light guides, arranged in a curved, segmented fashion.
- 32**: A series of internal components, possibly reflectors or light guides, arranged in a curved, segmented fashion.
- 36**: A series of internal components, possibly reflectors or light guides, arranged in a curved, segmented fashion.
- 76**: A series of internal components, possibly reflectors or light guides, arranged in a curved, segmented fashion.
- 8**: A series of internal components, possibly reflectors or light guides, arranged in a curved, segmented fashion.
- 11a-1**, **11a-2**, **11b-x**: Specific internal components or features of the housing.
- 8b-1**, **8b-2**: Specific internal components or features of the housing.
- 14a**, **14b**, **14c**, **14e-1**, **14e-3**: Specific internal components or features of the housing.
- 18a**, **18b**, **18c**, **18e**, **18f**: Specific internal components or features of the housing.
- 32a**, **32b**: Specific internal components or features of the housing.
- 77**: A specific internal component or feature of the housing.
- 64**: A series of internal components, possibly reflectors or light guides, arranged in a curved, segmented fashion.
- 2**: A series of internal components, possibly reflectors or light guides, arranged in a curved, segmented fashion.
- 3**: A series of internal components, possibly reflectors or light guides, arranged in a curved, segmented fashion.
- 12a**: A specific internal component or feature of the housing.
